

ALMISSUM

RESIDENCES · OMIŠ RIVIERA

CROATIA · A CONCISE PUBLIC GUIDE

THE OMIŠ RIVIERA

Duće, Omiš, the Cetina canyon and selected day-trip directions from one private Adriatic base.

A shorter guide for guests considering the setting. Confirmed guests receive separate access to the installable ALMISSUM Guest Guide app.

THE SETTING

ONE ADDRESS. FOUR LANDSCAPES.

ALMISSUM Residences sits in Duće, between the sandy shoreline and Omiš. The coast, historic town, Cetina canyon and Split each offer a distinct day without requiring a change of base.

01

DUĆE BEACH

Approximately 200 m
on foot

02

OMIŠ

Approximately 1.5 km

03

CETINA

River and canyon
beside town

04

SPLIT

Approximately 25 km

ORIENTATION

Distances are approximate and may vary by route. Summer traffic on the coastal road can materially extend driving times, particularly towards Split.

CLOSE TO HOME

DUĆE MORNINGS. OMIŠ AFTERNOONS.

The easiest first day pairs the nearby sandy shoreline with the compact centre of Omiš.

DUĆE

A shallow sandy shoreline suits an uncomplicated beach morning close to the residence. Conditions, beach facilities and seasonal services vary, so check locally before relying on a specific operator.

OMIŠ

The old town, riverfront and Mirabela fortress fit naturally into a compact walk. Fortica offers the broader outlook but requires more time, suitable footwear and a more demanding ascent.

A SIMPLE HALF-DAY

01

BEACH MORNING

02

OLD TOWN WALK

03

MIRABELA OR RIVERFRONT

OFFICIAL DESTINATION GUIDE

RIVER AND CANYON

THE CETINA, AT YOUR OWN PACE.

The canyon can be experienced quietly from the water or actively with a specialist operator.

01

GENTLE

Choose a sightseeing boat, a riverside walk or a slow lunch in the canyon. Confirm the operating schedule locally.

02

ACTIVE

Rafting, kayaking, canyoning and zipline formats are offered by independent operators with their own age, fitness and safety requirements.

03

CONSIDERED

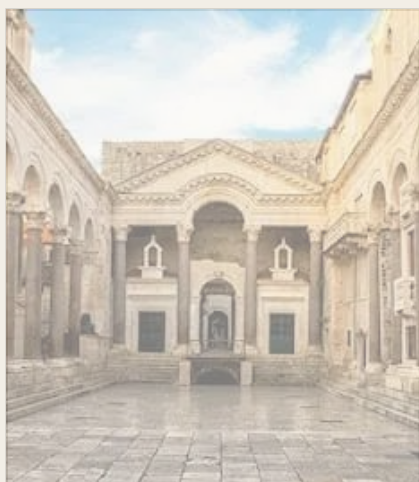

Match the activity to the least experienced member of the group. Weather, river conditions and operator instructions take priority.

Book activities only with an appropriate independent operator. Check current conditions, inclusions, insurance, cancellation terms and transport before confirming.

OFFICIAL CETINA INFORMATION

CHOOSE ONE DIRECTION FOR THE DAY.

Split, the wider coastline and the Poljica hinterland each deserve their own pace. Trying to combine them weakens the day.

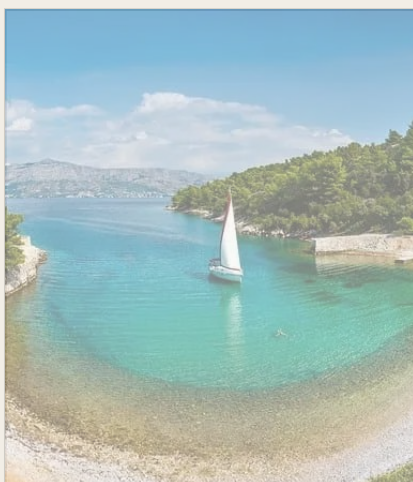

01 · SPLIT

HISTORIC LAYERS AND A LIVING CITY

Allow a focused visit around Diocletian's Palace, the Riva and the old centre. Seasonal traffic can extend the approximately 25 km journey.

OFFICIAL INFORMATION

02 · COAST AND ISLANDS

A WEATHER-LED ADRIATIC DAY

A skippered coastal or island route can work well for a group, but the final plan must follow sea conditions, operator capacity and confirmed terms.

OFFICIAL INFORMATION

03 · POLJICA

LANDSCAPE, VIEWPOINTS AND LOCAL HISTORY

The hinterland offers a different perspective on the coast. Plan a restrained route and allow time for narrow roads, heat and viewpoint stops.

OFFICIAL INFORMATION

THREE DAYS, WITHOUT OVERPLANNING.

Use this as orientation rather than a fixed itinerary. Weather, season and the group's energy should shape the final order.

DAY 01

DUČE AND OMIŠ

Beach in the morning. Old town and riverfront later. Add Mirabela only if the group wants the climb.

DAY 02

THE CETINA

Choose one river format: a gentle boat experience or an active specialist-led activity, followed by a relaxed meal.

DAY 03

SPLIT OR THE WIDER COAST

Take one full direction. Keep the other for a later stay rather than compressing both into one day.

PLANNING A STAY

Check live availability on the ALMISSUM booking site. Confirmed guests receive separate access to the installable Guest Guide app with arrival information, residence details, host assistance and a fuller local directory.
